48. [What makes natural alexandrite so expensive?](#)

See Alexandrite - Isarstone collectors guide, gemstones, <http://www.alexandrite.net/viewpage.html?id=ALXS-005-00001-10423-10-4> (See results 41 - 50 of about 222 for gemstones) (as of).

Alexandrite is an expensive gemstone because it so rare and production has always been limited. For years, the only source for alexandrite was Russia. In the last 20 or 30 years several new discoveries of alexandrite have been reported but production of s
